Don't believe us? Here are testimonials from some of ABWA's biggest fans!

I went into my first ABWA meeting nervous, having already talked myself out of it several times. Being an introvert, I knew that if I wanted to make my company a success, I had to learn to talk to people. ABWA helps me with that. Every month I open up a little bit more, I talk a little bit more and I grow a little bit more. ABWA is there to help me at my speed.

Joining the American Business Women's Association (ABWA) is one of the best decisions that I've made in and for myself. I attribute my continued career advancement with my membership in ABWA. Being part of ABWA changed my life in ways I had not expected. At work I had always received difficult projects and could be counted on to give 110%. Yet, I felt that I was not seen as a leader. . . in fact I often was asked to train new employees that left me behind as they climbed the corporate ladder. My goal when joining was to take advantage of the amazing online training and listen to accomplished speakers in order to build my resume. ABWA is great place to be exposed to new ideas, take risks and build lifelong relationships with a diverse group of women across the nation.
